Who is E-Gas?

E-Gas is a supplier of natural gas that is 100% NZ owned and operated. E-Gas has continued to grow from strength to strength since we commenced supplying natural (reticulated) gas to the commercial and industrial sectors since 1999. We source all our gas from Shell New Zealand and continue to have a very solid relationship with Shell.

How does the E-School plan work?

Households who wish to switch their natural gas supply to E-Gas benefit by saving on their natural gas at home PLUS by nominating the school of their choice will ensure the school receives a quarterly donation based on the gas used by all households that are enrolled in the E-School Plan for that particular school.

E-Gas Residential Plans:

- **SUPERIOR PLAN** – this plan will save you an 'immediate 5%' off your current gas charges. (E-Gas will match your current rates and your current prompt payment discounts PLUS provide you with an additional 5% prompt payment discount); or
- **FREEDOM PLAN – NO DAILY CHARGE!** You will only pay for the gas you use.

Help the School of your choice:

E-Gas will award your nominated school an ongoing quarterly donation. Donations will be based on the total monthly amount of gas used by all households that are enrolled in the E-School Plan for that particular school.

What Now?
